C3 Industrial Blasting & Coating
PO Box 22517
Knoxville, TN 37933

To whom it may concern:

Upon the recent completion of our contract scope at the ORNL Building in Oak Ridge, I would gladly recommend the services of C3 Industrial. This project was the first that we have had the pleasure of utilizing C3's services.

C3 Industrial was able to provide qualified, skilled tradesmen on this project; they completed their portion of the work professionally and on schedule.

We would happily work with C3 Industrial again given the opportunity. I recommend C3 to anyone seeking a professional, capable, and competent subcontractor.

Sincerely,
